

Correction to “Synchronous Formation of ZnO/ZnS Core/Shell Nanotube Arrays with Removal of Template for Meliorating Photoelectronic Performance”

Samar Tarish, Zhijie Wang, Ahmed Al-Haddad, Chengliang Wang, Adriana Ispas, Henry Romanus, Peter Schaaf, and Yong Lei*

J. Phys. Chem. C **2015**, *119* (3), 1575–1582. DOI: 10.1021/jp510835n

The image of gray scale intensity from the ZnO/ZnS core/shell nanotube in Figure 5b has an error and could not reflect the right morphological information on the relevant material. We would like to replace it to a correct one, as shown below.

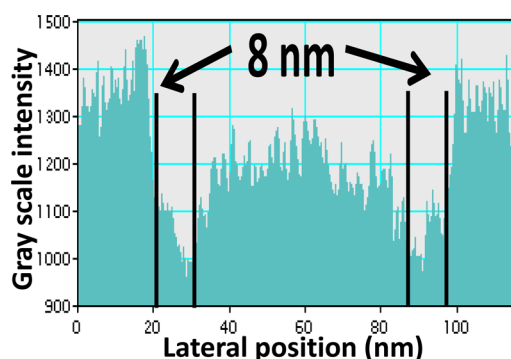

Figure 5b. Intensity profile perpendicular to the center axis of the nanotube.
