

Mechanistic Insights into the Brust–Schiffrin Two-Phase Synthesis of Organo-chalcogenate-Protected Metal Nanoparticles

Ying Li, Oksana Zaluzhna, Bolian Xu, Yuan Gao, Jacob M. Modest, and YuYe J. Tong*

J. Am. Chem. Soc. **2011**, 133, 2092–2095

Supporting Information

Supporting Information. We were alerted recently by a reader that Figures S6, S9, and S10 are not displayed correctly; i.e., they are actually missing. The complete Supporting Information file, including Figures S6, S9, and S10, accompanies this Addition/Corrections.

ASSOCIATED CONTENT

Supporting Information

Experimental and synthetic details, DLS spectra, Raman spectra, UV–vis spectra, ¹H NMR spectra, and TEM images. This material is available free of charge via the Internet at <http://pubs.acs.org>.
