**Silvia Del Piero, Rosalisa Fedele, Andrea Melchior\*, Roberto Portanova, Marilena Tolazzi, and Ennio Zangrando:**  
Solvation Effects on the Stability of Silver(I) Complexes with  
Pyridine-Containing Ligands Studied by Thermodynamics and DFT  
Methods

Page 4689: The energy values of the HOMO and LUMO  
of pyridine and the two silver(I) complexes in Figure 3  
(recalled also in the text) are in hartrees and not in eV as  
erroneously indicated.
