

Molecular Tweezer and Clip in Aqueous Solution: Unexpected Self-Assembly, Powerful Host–Guest Complex Formation, Quantum Chemical ^1H NMR Shift Calculation [*J. Am. Chem. Soc.* **2006**, *128*, 4831–4841]. Frank-Gerrit Klärner,* Björn Kahlert, Anke Nellesen, Jan Zienau, Christian Ochsenfeld, and Thomas Schrader

Page 4840. Equation 3 contains a typographical error. The correct eq 3 should read

$$\Delta\delta = \frac{\Delta\delta_{\max}}{[\text{R}]_0} \left[[\text{R}]_0 + \frac{1}{4 \cdot K_{\text{dim}}} - \sqrt{\frac{[\text{R}]_0}{2 \cdot K_{\text{dim}}} + \frac{1}{16 \cdot K_{\text{dim}}^2}} \right] \quad (3)$$
