Jeramie J. Adams, Ade Lau, Navamoney Arulsamy, and Dean M. Roddick*: Synthesis and Platinum Coordination Chemistry of the Perfluoroalkyl Acceptor Pincer Ligand $1,3-(\text{CH}_2\text{P}(\text{CF}_3)_2)_2\text{C}_6\text{H}_4$

Page 11334: In our recent publication detailing the synthesis of a new class of strongly π -accepting PCP pincer ligands, the Acknowledgment section was inadvertently omitted in the published manuscript. It should read as follows: **Acknowledgment.** We thank the National Science Foundation (Grant CHE-0457435) and DOE/EPSCoR (Grant DE-FG02-05ER46185) for financial support.
